WHAT IS TRUE HANDLELESS?

Strikingly modern with a European influence, True Handleless is a real masterpiece of modern kitchen design.

The true handleless design eliminates the need for integrated handles. Instead, an innovative profile system sits behind the door or drawer, allowing space for your fingers to grip the door or drawer itself upon opening.

5 DOOR RANGES TO CHOOSE FROM

Vivo+ is available in 6 Matt, 6 Gloss and 2700+ paint-to-order colours.

Stratto is available in 4 Matt colours.

The Plana Collection is available in 32 varied textures and tones.

Zola Soft-Matte is available in 7 colours.

Clifden is available in 4 Matt colours and 2700+ paint-to-order colours.

Silver, Rose Gold, Graphite, Brushed Brass, Black

5 RAIL FINISHES AVAILABLE

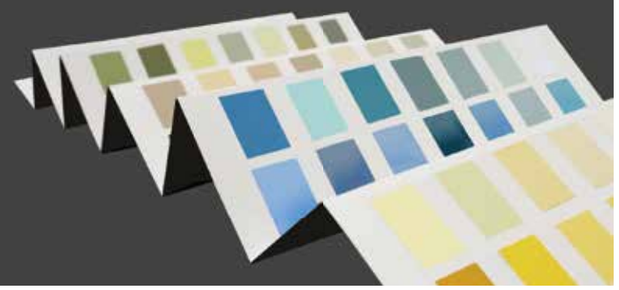
Create the perfect pairing by complementing or contrasting with your chosen door colour.

VERTICAL RAILS AND WALL UNITS

Tall cabinets, such as appliance housings & larders, are separated by vertical profiles. The doors are designed to line through seamlessly - precision and attention to detail synonymous with luxury kitchen design.

MAKE IT PERSONAL WITH COLOUR CUSTOMISATION

Vivo+ Matt and Clifden True Handleless are available in our palette of 36 paint-to-order colours or through our Bespoke Colour Match Service, offering endless possibilities for creativity and personalisation.



TRUE HANDLELESS COLLECTION

Introducing seamless elegance with our handleless profile system, meticulously crafted to offer an uninterrupted and streamlined feel. This style is the perfect choice for those seeking a minimal and edited aesthetic, where each detail is thoughtfully considered, allowing the high-quality materials and finishes to shine.

Our Contour collection offers an elegant in-frame effect, inspired by the traditional method of setting the door so that it opens within a frame – a hallmark of fine bespoke carpentry.

With subtle line detailing on the outer edges of each door, we create the illusion of in-frame cabinetry. Beautiful and practical, with no need for costly & labour-intensive carpentry. Choose from 5 different styles.

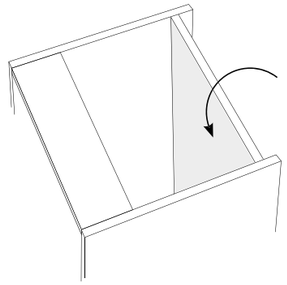
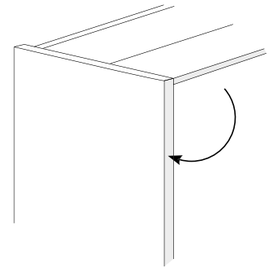
WHAT MAKES OUR CABINETS EXTRA SPECIAL?

1



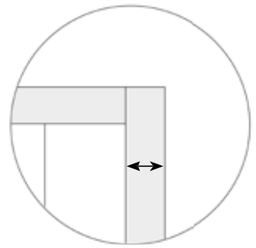
18mm back panel for added rigidity on base units, means you don't need to worry about your cookware damaging the backs!

2



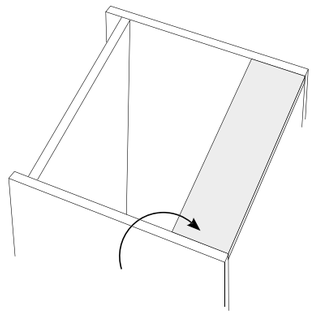
2mm PVC on leading edges prevents moisture from getting into the cabinet structure and causing damage.

3



Be assured of lasting quality with our 18mm thick cabinets as standard.

4



Unlike some other cabinets, our cabinets come with a 100mm cross rail to add further stability.

5

We have 4 colours to choose from, to complement our vast array of doors.

OUR DRAWERS

Our standard drawer box is supplied with an on trend anthracite finish, narrow sides to maximise storage space and a pleasing, smooth soft close action as standard.

LIGHTING

Our precise range provides both mood and task lighting and with each product using LED technology, you can relax knowing they're energy efficient.

SOLDAN FLEXIBLE LED STRIP LIGHTING
Flexible strip lighting can be cut to size and is commonly used underneath wall cabinets and worktops, or on plinths to create additional ambience.

STEINA KEA LED

The triangular styling of Kea is a timeless favourite in the UK. Use these underneath wall cabinets to provide additional task lighting.

STEINA DOWNLIGHT LED

The contemporary circular design of the Steina Downlight can be used under wall cabinets or within them to create a display unit.

STEINA FARO LED

Steina Faro lights are typically positioned subtly underneath wall cabinets. Their unobtrusive design is a natural choice in a contemporary kitchen.

STEINA LED TUBE

Tube lighting maximises impact and is easily positioned under wall cabinets. Use a continuous line or around specific areas.

PICKA PLINTH LIGHTS LED

Available in round or square designs.

Add plinth lights to the base of your kitchen units to add subtle ambience to the room. Illuminate your kitchen at night solely with plinth lights to create a 'show house' effect. Choose from square and round designs.

KITCHEN DOOR CARE INSTRUCTIONS

CLEANING

We recommend the following door cleaning instructions for all of our doors:

> Clean the doors using only a solution of 95% lukewarm water with no more than 5% soap

> DO NOT spray anything on to your doors - this includes the solution recommended above

> Use a clean damp (not wet) cloth

> Dry with a soft clean cloth. If it is a timber door, run the cloth along the grain direction

> Any cooking marks must be wiped immediately

> Do not allow liquids to seep into joints of doors. Wipe any spillages immediately.

DO NOT use any of the products listed below to clean the door as they may mark and damage the surface:

> Wax furniture polish

> Bleach / chlorine based cleaning products

> Abrasive cleaners

> Solvents

> Multi-purpose cleaners

> Alcohol based cleaners

> Ammonia or any other similar product

> Scouring pads or abrasive cloths

ENVIRONMENTAL INFORMATION

Please be aware, localised or intense heat/steam can damage fascias. Subsequently the use of small appliances such as kettles, toasters etc. in close proximity to your kitchen fascias should be avoided. Doors should not be exposed to extreme temperature changes. Due to their manufacturing process, vinyl doors must not be exposed to temperatures above 70°C as this may cause damage to the door's surface.

PRINTED COLOURS

Due to the limitations on photographic reproduction, colours may differ slightly from the actual products shown.
