KITCHEN DOOR

Care Instructions

We recommend the following door cleaning instructions for all of our doors:

- Clean the doors using only a solution of 95% lukewarm water with no more than 5% soap.
- DO NOT spray anything on to your doors, this includes the solution recommended above.
- Use a clean damp (not wet) cloth
- Dry with a soft clean cloth.
- Any cooking marks must be wiped immediately.
- Do not allow liquids to seep into joints of doors. Wipe any spillages immediately.

DO NOT use any of the products listed below to clean the door as they may mark and damage the surface:

- Wax Furniture Polish
- Bleach/chlorine based cleaning products
- Abrasive cleaners
- Solvents
- Multi-purpose cleaners
- Alcohol based cleaners
- Ammonia or any other similar product
- Scouring pads or abrasive cloths

Environmental Information:

Please be aware, localised or intense heat/steam can damage fascias. Subsequently the use of small appliances such as kettles, toasters etc. in close proximity to your kitchen fascias should be avoided. Doors should not be exposed to extreme temperature changes.

Due to the limitations on photographic reproduction, colours may differ slightly from the actual products shown.
